*Want to live with passion and make a difference in your world?  
...And in the world around you?*

This workshop presents a radically new way of perceiving your universe through the paradigm of oneness ... where you will cut through the false construct of duality to a world absent judgement, to a world of only good.

Discover your declared self and purpose, the self revealed through your finest assets and greatest struggles, the self lived through your every belief, thought, attitude, emotion, word, and action. Live anew!
